

Internship Certificate

This is to certify that Mr. Zili Xie, from University of Toronto, has completed his Internship in Teradata Information System (Beijing) Limited from 2016/05/31 to 2016/07/15.

His duty included:

①Finished more than 30 Structured Query Language sentence (SQL) demands from clients.

②Imported data from various documents to Teradata warehouse.

③Others:

Translated the company's interview questions from English to Chinese.

Recorded instructional videos on how to use a client manage system.

Drew mind mappings and flow charts for many company's projects.

During his stay, he observed all the rules and regulations of our company. Impressively, we found him a responsible and curious student with an aptitude for learning and ability to absorb knowledge quickly. He got along very well with others, which in term proved his team-spirit and skills of communication. His performance left his co-workers and our company a very good impression.

We here certify.
